***ENVIRONMENTAL POLICY***

Caribbean Cement Company Limited (CCCL) is committed to conducting its operations in an environmentally responsible manner. To achieve this goal, we shall adhere to a formal Environmental Management System (EMS) as the framework for setting environmental objectives and targets, and for managing the environmental impacts of our activities, products and services.

Management will demonstrate leadership in environmental affairs, and encourage and facilitate employees' participation, by providing training and support for environmental programmes. We shall take appropriate action to ensure that persons performing tasks for or on behalf of CCCL do so in a manner consistent with the Company's established environmental policies and requirements. The Environmental Policy will be communicated to all persons working for or on behalf of CCCL.

**CCCL is committed to:**

- **Prevention of pollution;**
- **Continual improvement of our environmental performance; and**
- **Compliance with applicable legal requirements and any other requirements to which CCCL subscribes that relate to its environmental aspects.**

We recognize that our responsibility for environmental stewardship extends beyond the plant boundaries. Therefore, we shall work with appropriate external interested parties on environmental/aesthetic projects so as to preserve, protect and enhance the environment of Jamaica for present and future generations.
