## **DIRECTORS' STATEMENT**

In the second quarter (Q2) of 2020, Caribbean Cement Company focused on three key priorities: 1) ensuring the safety of employees, their families and our communities; 2) serving customers through stringent safety protocols and 3) protecting the future of our company. We delivered on all three of these goals despite the unprecedented social and economic threats posed by the COVID-19 pandemic.

While we are thankful that none of our employees have become ill from COVID-19, we are saddened that many Jamaicans and their loved ones, at home and abroad, have been affected by both the health implication as well as the adverse economic impact of the pandemic threats. This awareness, along with our entrenched commitment to safety has contributed to our strict adherence to the more than 50 best practice protocols which have been developed by CEMEX. These protocols, draw on the experiences of our parent company's operations across the world, provide practical guidance to our employees, customers, and their families and have allowed us to serve our employees, customers, and communities safely.

Despite the increased operational risks posed by COVID-19, our plant modernisation programme and investment in training continues to yield favourable results in health and safety outcomes. As at the end of this quarter, we have attained 1,832 days without lost time injury at our quarries and 1,008 days at the plant. Embedded within our way of working are sound environmental practices which meet international standards and honour local regulations.

In response to the exigencies of the times, we have adjusted our corporate social responsibility programme to give special focus on supporting communities and frontline workers. Among donations made so far have been masks, gloves and thermometers to the Ministry of Health; hand sanitisers and soaps to communities around our plants; and in partnership with customer Jamaica

Pre-Mix Limited, we have executed public sanitisation activities in Kingston, St. Andrew and Montego Bay. These actions have helped to alleviate the challenges being faced by the country and we will continue to engage with our stakeholders in order to assist in any way possible.

## Financial Performance

In terms of the company's financial performance for Q2 2020, Caribbean Cement Company Limited earned revenues of \$4.8 billion, representing growth of 2% when compared with the Q2 2019. The "operating earnings before other income and expenses" for the period was \$1.7 billion, higher than last year's results by 21%. In addition, "operating earnings" after other expenses was \$1.6 billion, representing an increase of 16% when compared to the Q2 of the prior year.

The company recorded "earnings before taxation" of \$1.0 billion, which was an improvement of 55% above the \$0.7 billion achieved in Q2 2019. Contributing to this positive performance is an aggressive USD debt repayment policy which has led to the reduction of financial expenses of \$0.06 billion (-28%) and a decrease in foreign exchange loss by \$0.08 billion, (-18%) over Q2 2019. The overall "consolidated net income" of \$0.5 billion was 41% higher than that of the Q2 2019.

In relation to cash flow, net cash generated by operating activities was \$1.6 billion; and both cash flow generation during the quarter and available cash at the beginning of the period have allowed the company to reduce debt by \$1.0 billion during the quarter and by \$2.1 billion over the first half (H1) of the year.

### Looking ahead

While it is still very early to fully evaluate the long-term effects of COVID-19 on our operations, we believe that this event has made us a stronger and more efficient organisation which is a testament to the resilience and commitment of our employees and the robustness of our systems and operations.

#### **NOTES**

#### 1. Basis of Preparation

The condensed consolidated interim financial statements are prepared in accordance with Practice Statement 2016 – 1, Summary Financial Statements issued by the Institute of Chartered Accountants of Jamaica (ICAJ). Management discloses the condensed consolidated statement of financial position, condensed consolidated statement of profit or loss and other comprehensive income, condensed consolidated statement of changes in stockholders' equity and condensed consolidated statement of cash flows. These condensed consolidated interim financial statements are derived from the unaudited consolidated interim financial statements of Caribbean Cement Company Limited and its Subsidiary (Group) as of and for the period ended June 30, 2020, which are prepared in accordance with International Financial Reporting Standards, as issued by the International Accounting Standards Board, and the requirements of the Jamaican Companies Act.

#### 2. Accounting Policies

These condensed consolidated Group financial statements as of and for the period ended June 30, 2020, have been prepared in accordance with the accounting policies used in the audited financial statements as of and for the year ended December 31, 2019. Any new accounting standards amendments or interpretations which became effective in this financial year, were adjusted on the Group's financial position or results.

#### 3. Earnings Per Stock Unit

Earnings per stock unit is calculated by dividing the net income for the year by the number of ordinary stock outstanding during the year.

#### 4. Comparative Information

The condensed consolidated financial statement has been rearranged and presented to conform with the presentation of the financial statements of the ultimate parent company, CEMEX S.A.B. de C.V.

Where necessary, the comparative figures are reclassified to conform with the current year's presentation.

#### 5. Operating Earnings Before Other Income (Expenses), Net [expressed in J\$'000]

Operating earnings before other income (expenses), net by nature are as follows:
